

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet	
Meeting No: 1	Date: 10th September 2023
Start Time: 9 AM	End Time: 10:40 AM
Items Discussed: 1. Project ideas. 2. London met library website for journals and articles. 3. Module specifications. 4. Logbook and Interim report.	
Achievements: 1. Understood module specifications, meeting all academic requirements and guidelines for the final year project. 2. Researched using the London met library website to gather relevant journals and articles for the project topic.	
Problems: 1. Problem with in-depth research on the project topic.	
Tasks for Next Meeting: (Write down the task assigned to you by your supervisor) 1. Research on the idea/topic. 2. In-depth research of features and programming languages can be used.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 2

Date: 17th September 2023

Start Time: 9 AM

End Time: 10 AM

Items Discussed:

1. Project topic.
2. Bloom's taxonomy pyramid.
3. Network vulnerability assessment tools like Nessus and Nagios.

Achievements:

1. Researched the project topic and tools required for it.

Problems:

1. Problem with in-depth research on the project topic.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Research on the topic and features.
 - a. Host discovery, port scanning, find vulnerability.
 - b. programming language can be used to develop this project.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 3

Date: 24th September 2023

Start Time: 12:00 PM

End Time: 1:30 PM

Items Discussed:

1. Discuss the network vulnerability assessment tools.
2. Proposal report structure and requirement.
3. Software development life cycle methodologies like waterfall and evolutionary.
4. Interim report structure and requirement.

Achievements:

1. Understood proposal report structure and interim report structure.
2. Understood about SDLC methodologies like waterfall and evolutionary.

Problems:

1. Research on the project features.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Research on the various topics and their features.

External Supervisor Sign

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 4

Date: 1st October 2023

Start Time: 11 AM

End Time: 1:10 PM

Items Discussed:

1. Discuss the network vulnerability assessment tool.
2. Proposal report structure.
3. Software development life cycle methodologies and Gantt chart.

Achievements:

1. Understood proposal report structure.
2. Understood SDLC methodologies and Gantt chart.

Problems:

1. Problem with collecting initial system development specifications.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Research on software development specifications.
 - a. User-friendly GUI.
 - b. Any external dependencies required for the system to function properly.

External Supervisor Sign

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 5

Date: 8th October 2023

Start Time: 11:30 AM

End Time: 1:20 PM

Items Discussed:

1. Discuss the network vulnerability assessment tool.
2. Initial software development specifications of the project.
3. Software development life cycle methodologies and proposal requirements.

Achievements:

1. Understood proposal report structure.
2. The network vulnerability assessment tool project was approved.

Problems:

1. Problem with collecting feasibility and functionality requirements.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Research on feasibility and functionality requirements of the project.
 - a. python libraries and framework.
 - b. database for vulnerability

Project Name: Network Vulnerability Assessment Tool

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 6

Date: 26th November 2023

Start Time: 11:30 AM

End Time: 12:35 PM

Items Discussed:

1. Discuss the project features.
 - a. Host discovery, port scanning, and vulnerability detection.
2. The system architecture design and Gantt chart.

Achievements:

1. Feedback about the draft proposal.
2. Understood the Gantt chart and system architecture design
 - a. Importance of the Gantt chart timeline for the project.

Problems:

1. Explain more about the Expected Outcome of the project section of the proposal report.
 - a. System outcome and project as a solution.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Finalize the proposal report and submit the proposal report.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 7

Date: 3rd December 2023

Start Time: 11:30 AM

End Time: 1:00 PM

Items Discussed:

1. Discuss about user GUI and user authentication.
2. Discuss the database including the implementation of the database to store user credentials.

Achievements:

1. Understood the need to implement a database.
⇒ to keep the user credentials like, username and password
⇒ to authenticate user.

Problems:

1. Problem with implementing a database on the project to store user credentials.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Implement a database to store user credentials on the project. so that use can login again with the same credential or can register new users on the system. *Jawan*

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 8

Date: 10th December 2023

Start Time: 11:30 AM

End Time: 1:30 PM

Items Discussed:

1. Discussed implementing the "Run as Administrator" feature on the project to run on a virtual Network.

Achievements:

1. Feedback on the project features and GUI.
2. Feedback on changing the project feature.

Problems:

1. Running a scan on the virtual network to test the project features.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Write a proposal on changing a project's features.
2. Start writing interim report.

FYP Logbook Entry Sheet

Meeting No: 9

Date: 17th December 2023

Start Time: 11:30 AM

End Time: 1:30 PM

Items Discussed:

1. Survey form for the project.
2. Discuss on adding the credential testing feature for the project.

Achievements:

1. Approval for changing the feature of the project.
2. Feedback on the credential testing feature.

Problems:

1. Problem with implementing malicious link detection feature.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Initializing the Interim report.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet	
Meeting No: 10	Date: 24th December 2023
Start Time: 11:30 AM	End Time: 1:30 PM
Items Discussed: 1. Discuss the interim report structure and criteria. a. Introduction, background, and development. b. Gantt chart and system architecture diagram. Achievements: 1. Understood the interim report structure and making criteria. ⇒ Introduction ⇒ Background Problems: 1. No problem for this week. Tasks for Next Meeting: (Write down the task assigned to you by your supervisor) 1. Complete the interim report of the project.

FYP Logbook Entry Sheet

Meeting No: 11

Date: 31st December 2023

Start Time: 11:30 AM

End Time: 1:30 PM

Items Discussed:

1. Discuss the interim report structure and criteria.
 - a. Future work.
 - b. Understanding the project.
 - c. Introduction

Achievements:

1. Feedback about the interim report.
2. Feedback about the FYP survey form.

Problems:

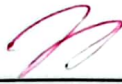

1. No problems for this week.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Review the interim report before submission.
2. Start the remaining phase of development.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 12

Date: 7th January, 2024

Start Time: 11:30 AM

End Time: 1:30 PM

Items Discussed:

1. Discussed about the development phase of the project.

Achievements:

1. Interim report submission.

Problems:

1. Due to the other modules coursework the development phase of the project is slow.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Complete the remaining development phase of the development.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 14

Date: 25th February, 2024

Start Time: 11:00 AM

End Time: 1:00 PM

Items Discussed:

1. Discussed about the development phase of the project.
 - a. Host discovery, Port scanning, generate report features.
 - b. SPARTA GUI tool.

Achievements:

1. Feedback on the development and scanning report of the project.
 - a. reviews the completed part of the project.
 - b. reviews the scanning report.

Problems:

1. Problem with the font and the formatting of the report generated by the project

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Refine the project according to the feedback.
 - a. updates the formatting of the report generated by the tool.
 - b. add OS information on the host discovery features.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 15

Date: 3rd March, 2024

Start Time: 11:00 AM

End Time: 1:00 PM

Items Discussed:

1. Discussed on implementing OS on the host discovery features.
2. Icons for the buttons and formatting the report generated by the tool.

Achievements:

1. Feedback on project GUI.

Problems:

1. Problem on implementing OS on host discovery feature.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

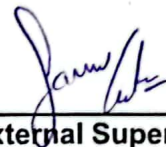

1. Implement OS on host discovery feature.
2. Implement icons on the buttons.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 16

Date: 10th March, 2024

Start Time: 11:00 AM

End Time: 1:00 PM

Items Discussed:

1. Discussed "find vulnerability" features to extract services and their version for vulnerabilities.

Achievements:

1. Feedback on the "find vulnerability" feature.

a. Sending the request of service and their version information to the NVD database for vulnerability.

2. Solve the problem of implementing OS information on the host discovery feature.

Problems:

1. Problem with extracting the version of the open port for finding vulnerabilities.

a. by requesting service and version information to the NVD for response vulnerability information related to the version information.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Research and solve to problems related to extracting versions of the open ports.

Project Name: Network Vulnerability Assessment Tool

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 17

Date: 17th March, 2024

Start Time: 11:00 AM

End Time: 1:00 PM

Items Discussed:

1. Discussed about searchsploit tool for searching vulnerabilities related to the service and their version.
2. Discussed about SPARTA tool and its features.
3. National Vulnerability Database (NVD) API for finding vulnerabilities related to the service and their version.

Achievements:

1. Feedback on how to use NVD (National Vulnerability Database) API.
2. Feedback on the "find vulnerability" feature.

Problems:

1. Problem in "find vulnerability" features to detect the vulnerabilities of the service and version using NVD API.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Start the final report.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet	
Meeting No: 18	Date: 31st March, 2024
Start Time: 11:00 AM	End Time: 1:00 PM
Items Discussed: 1. Discussed about final report structure and criteria. 2. Discussed pre-survey and post-survey forms for the project. 3. Discussed how to extract information of vulnerability from JSON responses using JSON beautifier or creating a python function to extract information.	
Achievements: 1. Feedback on how to extract information from JSON response. a. How to extract information using JSON Beautifier. b. using the Python function to check and extract vulnerability information from the NVD response.	
Problems: 1. Problem with extracting information from response i.e., JSON form for finding vulnerability. a. Using the python function it shows Error 403.	
Tasks for Next Meeting: (Write down the task assigned to you by your supervisor) 1. Complete the remaining development and start the final report.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 19

Date: 7th April, 2024

Start Time: 11:00 AM

End Time: 1:00 PM

Items Discussed:

1. Discussed about final report submission structure.
 - a. Discussed about project artifacts and log submission.
 - b. Discussed project word count and how to submit a final report with required folders for artifacts and logs.
2. Discussed about output box on the code to display only output and the user cannot type anything on the output box.

Achievements:

1. Implemented password policy on user registration.
2. Extract vulnerability info like CVE ID, source, score, severity, etc. from the NVD database response.

Problems:

1. No problem for this week.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Modify the output box to display the result only.
2. Show introduction and background section of the final report.

FYP Logbook Entry Sheet

FYP Logbook Entry Sheet

Meeting No: 20

Date: 14th April, 2024

Start Time: 4:00 PM

End Time: 6:00 PM

Items Discussed:

1. Discussed about design section, Implementation section, and testing section of the report,

a. The testing should be of three evolution.

b. To use a mind map, use case diagram, and data flow diagram.

Achievements:

1. Feedback to use mind map, use case diagram, and data flow diagram.

Problems:

1. No problem for this week.

Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)

1. Complete the final report.

Logbook Entry Sheet

Use this form to record meetings with the supervisor. The completed form needs to be signed off by the student and the supervisor.

Logbook Entry Sheet

Meeting No: 21

Date: 21st April, 2024

Start Time: 11:00 AM

End Time: 1:00 PM

Items Discussed:

- ① Review the final report.

Achievements:

- ① Feedback on unit testing and System testing of the project.
- ② Feedback on Mind map of the project.

Problems (if any):

- ① Word limit exceed of the report.

Tasks for Next Meeting:

- ① Submit ~~final~~ final report and development of the project.
- ② Submit project artifacts and logs with final report.
- ③ Submit project proposal and interim report.
